

Non-Chamber & Compact Chamber

Versatile. Durable. Fast.

Take advantage of the benefits of vacuum sealing - even if you have a small or mobile operation. These compact machines have been developed with small businesses, research chefs, home chefs, instructors, hunters and fishermen in mind. The slim, elegant and space-saving design hides powerful performance and energy efficiency. As with our top-line machines, you have several seal bar lengths and other features to choose from.

MVS 20

Seal Bar, External Ports & Chamber

based on your needs

The CYCLONE machines are available with seal bar lengths of 13" to 21" and include a moisture collector for easy cleaning of excess liquid. The compact chamber machine MVS 20 comes with a 8.5" pop out seal bar and a dome lid for extra space.

Performance

powerful and reliable

The CYCLONE Series is equipped with an internal cooling fan for continuous sealing without rest periods. The MVS 20 benefits from a Busch pump with a capacity of 4.8 m³/h.

CYCLONE Series

Display, Controls & Programmability

Enjoy our simple and intuitive machines. All external and compact chamber vacuum sealers are featured with a water resistant digital display and simple pushbutton controls. Minipack machines are built with the most rugged and durable housing to last in every environment, and are easy to clean.

SMART TECHNOLOGY FEATURES

Non-Chamber Vacuum Sealers

- Internal cooling fan: continuously operate vacuum sealer without rest periods for the pump
- Programmable sealing time: ensure optimized seal for any thickness of bag
- Moisture collector: avoids spill of excess liquid during vacuum sealing
- Water resistant digital display
- 4 customizable sealing programs
- Robust design with aluminum housing
- Low maintenance dry pump for easy use

Compact Chamber Vacuum Sealers

- Pop-out seal bars with options of dual flat seal or dual convex seal
- Excess bag cut-off: for food safety and better bag handling
- Transparent lid with dome
- Pump Conditioning: removes and eliminates moisture deposits in the oil
- Digital Display: user-intuitive with service messages
- 1 user-settable program

Food Service

Sportsman

Six good reasons to choose minipack:

- » Focused on value and user-centered innovation
 - » Over 40 years track record as innovator
- » Reliability and cost advantage over the long run
 - » Committed to customer service and support
- » Certified quality manufacturing – ISO 9001:2000
- » Worldwide distribution network and technical assistance
